Shipping Green Fruit-Matters of Interest to Citrus Growers.

In a despatch from Bowling Green which appeared in the Tampa Tribune recently, it was stated that Government officers under the pure food law are now in the state watching the shipment of green fruit so that they may not be sent forward in an unfit condition for market. At last this thing of shipping green and immature fruit to the northern and eastern markets will be practically a thing of the past. It is believed that the provisions of the pure food law will be of a great benefit to the state.

A letter of the 6th from the Tampa office says: "We have sent out a circular to all associations to report all fruit shipped before October 1st. We heartily join with the Government inspectors to prevent the pernicious shipment of this green immature fruit."

A further matter that should be of interest to the citrus fruit growers of the state is contained in a letter written by General Manager M. E. Gillett of the Florida Citrus Exchange, to Judge F. K. Adams of this city, and which is as follows:

"I have advices from many sections of the state similar to yours that the buyers and commission men are doing everything they know how to defeat this movement but if the growers understand it as thoroughly as you and I do it would seem like a joke when a man came along and tried to take fruit out of the Exchange.

"One trouble is that the growers, many of them, do not seem to grasp the idea. They have been so long under the control of this element which has robbed them continuously that it seems hard for them to break away. They seem to feel that they ought to be robbed, but if they would only give this proposition five minutes serious thought, they would readily see that it

is the salvation of the orange business in Florida, and would hustle to get in. All we can do is to keep hammering away hoping their eyes will be opened."  
—Punta Gorda Herald.

#### WILL OF E. H. HARRIMAN.

All of the Property Bequeathed to Mrs. Harriman.

New York City.—A hundred brief words, weighted each with approximately \$1,000,000, and containing in their entirety the last testament of E. H. Harriman, make his widow, Mary Averell Harriman, one of the wealthiest women in the world. It is, perhaps, the briefest will on record, for the disposal of an estate of such magnitude. All his property is left to Mrs. Harriman.

If the estate measures up to expectation, Mrs. Harriman, according to common estimation here, is the wealthiest woman in the world. Mrs. Hetty Green's holdings have been estimated at \$40,000,000; those of Mrs. Frederick Courtland Penfield, who was Anne Weightman of Philadelphia at \$80,000,000, and those of Mrs. Russell Sage at a like amount.

As a result of jumping a switch at Winston and the engine turning over, last Saturday evening, Engineer C. P. Crippens, of Sanford; Express Messenger Will Rapson, of Jacksonville; Goldie Smith, negro porter, Jacksonville, and Jim Branch, negro fireman, of Port Tampa, were carried to the Lakeland sanitarium apparently in a critical condition, Rapson dying Saturday night. The engine, mail, express and baggage cars left the track, the passenger cars remaining in position.

During the electric storm at Mulberry last week a negro man, Owen Grace, was instantly killed, and Supt. Kennedy was felled to the ground, making the third time Kennedy has been struck.

Full Worth for Every Dollar Spent Here in

## House Furnishings

Furnishings of every kind for every room in in every house. Especially liberal inducements. Trying this store first saves many steps....

## FURNITURE

Dressers, Beds, Mattresses, Pillows, Tables, Rockers, Chairs, Washstands, Springs, Rugs, Curtains, etc. We carry an immense line of Furniture and are in position to quote you the very lowest possible prices and have everything and anything you want in the Furniture and House Furnishing line.
